

Binet Home offers resort living in cul-de-sac setting

Poised in a quiet cul-de-sac in a prestige enclave of Castle Hill, this Binet Home is custom designed for luxurious living.

Striking an ideal balance of private and entertaining zones, its palatial proportions reflect style and sophistication. High ceilings, hardwood floors and a bank of stacking glass sliders highlight the exceptional indoor-outdoor flow. Elegant white kitchen cabinetry features stainless steel appliances, a marble island bench and gas cooking.

Resort-style and Balinese-inspired, the alfresco setting is the centrepiece of this exceptional home. A breathtaking saltwater pool complete with waterfall sits surrounded by lush lawn, tropical plantings and fragrant citrus. A raked-ceiling pergola with feature timberwork includes a dining area and gourmet outdoor kitchen. Connected to the indoor kitchen by a glass servery, it has a built-in barbecue, Italian range hood and Caesarstone benches.

At basement level, a double brick cellar has storage for at least 1200 bottles, completing this outstanding entertainer's home.
